

DIVERSIONS

QUOTE OF THE WEEK:

"To be ignorant of what occurred before you were born is to remain always a child."

-Marcus Tullius Cicero
Roman orator and statesman

HOROSCOPES

Week of March 25 2026

ARIES

(21 March-20 April) You may not recognize the person you see in the mirror in the morning. If that's the case then quickly wrap the shower curtain around the home intruder and beat them with the toilet plunger.

LIBRA

(24 Sept-23 Oct) The love of your life may be who you least expect it to be. For example, it might be an old acquaintance from college or acclaimed character actress Margot Martindale.

TAURUS

(21 April-21 May) You may feel lately that you aren't living life to its fullest. Do something that takes you out of your comfort zone, like investing in my Ponzi Sche - I mean, legitimate business endeavour...

SCORPIO

(24 Oct-22 Nov) There's a slight possibility that you may be bitten by a bat. If this happens make sure you get someone to suck out the poison from the wound... or is that snakes?

GEMINI

(22 May-21 June) A rift may be beginning to form in your community that's engulfing your friends and neighbours. If this is the case, move away from the rift and call a geologist.

SAGITTARIUS

(23 Nov-21 Dec) A sudden burst of creativity may lead you to conflict with the people around you. Particularly if you're new to the bagpipes.

CANCER

(22 June-23 July) Your job may not feel satisfying as of late but don't despair. It's just the unfillable hole in your soul crying out to the universe in vain, or possibly just boredom.

CAPRICORN

(22 Dec-20 Jan) Staying home may feel safer than going out but if I've learned anything from horror movies, it's that most spooky Japanese ghost related killings happen in the home. Something to think about.

LEO

(24 July-23 Aug) An argument with another person may lead to them accepting criticism of their most closely held beliefs and changing their views accordingly...lol

AQUARIUS

(21 Jan-19 Feb) A misunderstanding may lead to an unnecessary conflict when it turns out the English-Hungarian phrase book you purchased was fraudulent.

VIRGO

(24 Aug-23 Sept) As the phases of the Moon change, you too may find someone close to you changing with them. This is called Lycanthropy and requires immediate medical attention and/or silver bullets.

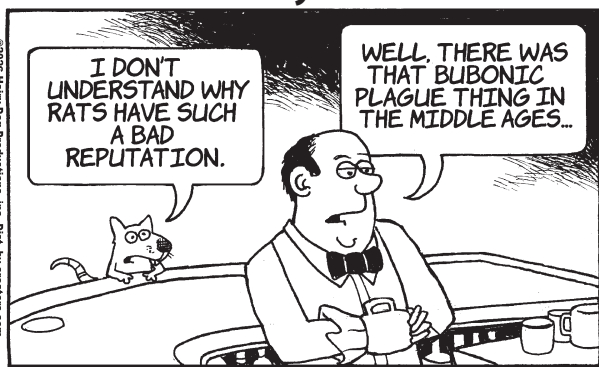

PISCES

(20 Feb-20 March) A challenge to a long held belief may leave you feeling shaken and uncertain of reality but I can assure you it was always The Berenstain Bears, not the Berenstein Bears.
