HOROSCOPES

Week of April 8 2026

(21 March- 20 April) Sometimes when we're forced to face our ego we find that we forgot to buy syrup...wait...Eggo, I meant Eggo.

(24 Sept- 23 Oct) A divide between you and someone close may stem from a misunderstanding... or possibly from an understanding. Sorry if it's the latter.

(21 April-21 May) Grabbing life by the horns can be a way to make things more exciting, but there's a reason they put those signs up around the bison exhibit.

(24 Oct- 22 Nov) A swarm of bullet ants may swarm your bed tonight causing you to wake up to painful stings all over your body. But probably not.

(22 May- 21 June) A rumble in your community may lead to turmoil among your greaser gang. Just remember to stay gold.

(23 Nov- 21 Dec) A new creative project may be taking up your time and attention today but don't forget you left the burner on the stove! Haha, made you look.

(22 June- 23 July) A new financial opportunity may present itself soon. However, smuggling turtles by tying them to your body does carry some risks.

(22 Dec- 20 Jan) A lack of tact and abundant arrogance may get you into hot water this week but to be fair how were you supposed to know the guy you insulted was a cannibal?

(24 July- 23 Aug) Today, you may have a thought about a subject. BE AMAZED AT MY PREDICTIVE ABILITIES!

(21 Jan- 19 Feb) A shouting match may end in a draw. If this is the case challenge them to pistols at dawn and stand with your back to the east.

(24 Aug- 23 Sept) A shifting of priorities may mean you get to spend less time on your hobby emu farm.

(20 Feb- 20 March) A frustrating question may be making you uncertain in your beliefs but not to worry. You'll likely come down from this period of clarity and logic and double down on them instead.
