HOROSCOPES

Week of June 10 2026

- ARIES** (21 March- 20 April) A communication breakdown may be causing issues between you and another lately. Maybe try a communication break up instead.
- LIBRA** (24 Sept- 23 Oct) Your views may have faced criticism and scrutiny lately and endured. Good thing you had your headphones in or you might have had to examine them.
- TAURUS** (21 April-21 May) A new experience may have you questioning how you've made choices in the past. Turns out Inky Pinky Ponky is a poor way to make major life decisions.
- SCORPIO** (24 Oct- 22 Nov) A change in a place you're familiar with may bring about new obstacles to overcome. Particularly if you happen to be blind.
- GEMINI** (22 May- 21 June) A sudden wave of self confidence may lift you out of your usual funk but not to worry, you'll be back to doubt, anxiety and sadness soon enough.
- SAGITTARIUS** (23 Nov- 21 Dec) A fight between you and a loved one may escalate in ways you didn't expect. Solve these conflicts in the way any mature adult would. IN THE OCTOGON! Or just talk, I dunno.
- CANCER** (22 June- 23 July) The choices we make in life can have wide reaching effects. A butterfly flaps its wings and a ramen noodle kart in Korea bursts into flames. They're not related at all but it would be weird if they were right?
- LEO** (24 July- 23 Aug) A sighting of the Moth Man by a local may indicate that the mysterious cryptid has migrated north from the Appalachians, or it may just be the result of a local man getting plastered on West Virginian bourbon.
- VIRGO** (24 Aug- 23 Sept) Lately, anxieties at work may be making it difficult to find balance. Particularly if you work as a trapeze artist.
- CAPRICORN** (22 Dec- 20 Jan) Taking better care of yourself so you can be there for the ones you love is important...but so are Oreos... Though call.
- AQUARIUS** (21 Jan- 19 Feb) A million dollar idea may be stolen by a competing candy company who sent child spies into your chocolate factory tour. (Note: This horoscope only applies to people named Willy Wonka)
- PISCES** (20 Feb- 20 March) We find peace and safety in the home. Unless you left the upstairs window unlocked of course. You'd better double check. GO! HURRY!
