HOROSCOPES

Week of June 24 2026

(21 March- 20 April) A feeling of home can be hard to come by on the road. That's why you should bring a piece of home with you wherever you go. Might I suggest a chunk of the siding.

(24 Sept- 23 Oct) A new career move may have you wondering what happens next. Keep grinding yourself down into dust to push to the next level. Or just chill and enjoy life. Either way works.

(21 April-21 May) A misunderstanding may lead to an altercation with someone much stronger than you. If this happens, slap them with a glove and demand satisfaction. That way they'll know you're sophisticated while they pummel you.

(24 Oct- 22 Nov) You may find your views butting heads with the views of another. In this case the best course of action is physical head butting as it's easier to determine a clear winner that way.

(22 May- 21 June) Something tempting may be leading you to consider abandoning your core principles. In these times we must ask ourselves the real questions. Specifically, "how much are you offering?"

(23 Nov- 21 Dec) A change in society may have you fearing the passage of time. Don't worry though, the world may not stay the same but at least you can take comfort in the fact that we'll all die someday.

(22 June- 23 July) Fighting your own demons is a difficult trial for anyone. Fighting other people's demons is way more fun.

(22 Dec- 20 Jan) A struggle to connect with others may have you down lately but don't be concerned. Everyone seems to be having issues with that due to the social order breaking down...so that's good.

(24 July- 23 Aug) In the search for meaning we often find ourselves in places we wouldn't normally go. Like Listowel.

(21 Jan- 19 Feb) A sudden injury may leave you with a bad limp. Be sure to take it out on strangers in your day to day travels in order to vent your frustrations.

(24 Aug- 23 Sept) Having a support system is important, particularly if you're bungee jumping.

(20 Feb- 20 March) You can do anything if you set your mind to it. So go ahead. Start that cult.
