HOROSCOPES

Week of 9 September 2026

(21 March- 20 April) Your health concerns may be related to an imbalance of the humors. To rectify this seek out a licensed physician to realign them by covering your body in leeches or drilling aa small hole in your skull.

(21 April-21 May) The plan is coming together. All the pieces have fallen in place. The time has come to write that rock-opera about chain-smoking gorillas fighting the Nazis. Or whatever you were planning.

(22 May- 21 June) There's a non-zero chance that there are koala bears living in your walls. They sneak into the country in shipments of Australian beef. Look it up.

(22 June- 23 July) An important telegram may arrive, informing you of the passing of your long lost Great Uncle Mortimer. He's left you his fortune of $40,000,000 but first you have to spend the night at his haunted apartment in Jacksonville Florida.

(24 July- 23 Aug) An ideological battle of wills pitting the forces of compassion and selfish greed against one another may arise in the parking lot of your local Tims.

(24 Aug- 23 Sept) Self abuse is the hardest abuse to escape. No gag there. Just a good thing to remember.

(24 Sept- 23 Oct) Your life will be filled with joy and terror. Often at the same time.

(24 Oct- 22 Nov) A true leader knows how to inspire the people around them. Something to remember if you ever want to start a cult.

(23 Nov- 21 Dec) Work may be wearing you down lately. It can be hard to find fulfilment in your career but if you hold on you may become numb enough to endure it.

(22 Dec- 20 Jan) Your place in the Universe may seem small and insignificant, and it is, but you are part of something far greater than our tiny little human brains can comprehend. And I take comfort in that.

(21 Jan- 19 Feb) The flow of the river of time cannot be stopped by anything but the flow can be channeled into the hydro-electric dam of memory...or something...I'm not good at metaphors.

(20 Feb- 20 March) Sometimes the people we love drive us crazy but in the end, at least you're not alone in a post-apocalyptic Earth, digging through the ruins of the old-world in search of scarce supplies.
